At the request of the Defense Subcommittee of the House Appropriations Committee, the Agency cleared the introductory remarks of the Chairman and the DCI at his appearance on 29 January 1958. The purpose was to include this in the published hearings to show that the Director appeared as a witness and all of the substance of the remarks will be indicated as off the record. The Director approved this action.

Discussed with the Director the possibility of his visit with Senator Dworshak. He requested that I make the necessary arrangements and we are scheduled to see Senator Dworshak at 2:30 P. M. on Tuesday, 11 February 1958.

In connection with the House Appropriations hearings for a translation service in the Department of Commerce, Representative Prince H. Preston (D., Ga.) commended adversely about CIA stating that he thought it was time Congress looked into what CIA was doing. The Director was advised of this with the suggestion that we make contact with Congressman Preston with a view of briefing him. The Director approved and I will work with [redacted] in Security who is a personal friend of Mr. Preston.
